

FGV EUROPE

The background of the slide features a stylized globe of the Earth, showing continents and oceans. Overlaid on the globe is a network of white lines connecting various points, representing a global network or digital infrastructure. The overall color scheme is dark blue and black, with white text and network lines.

The institutional representation of
Fundação Getulio Vargas (FGV) in Europe
since 2016

#1 THINK TANK IN LATIN AMERICA IN EUROPE

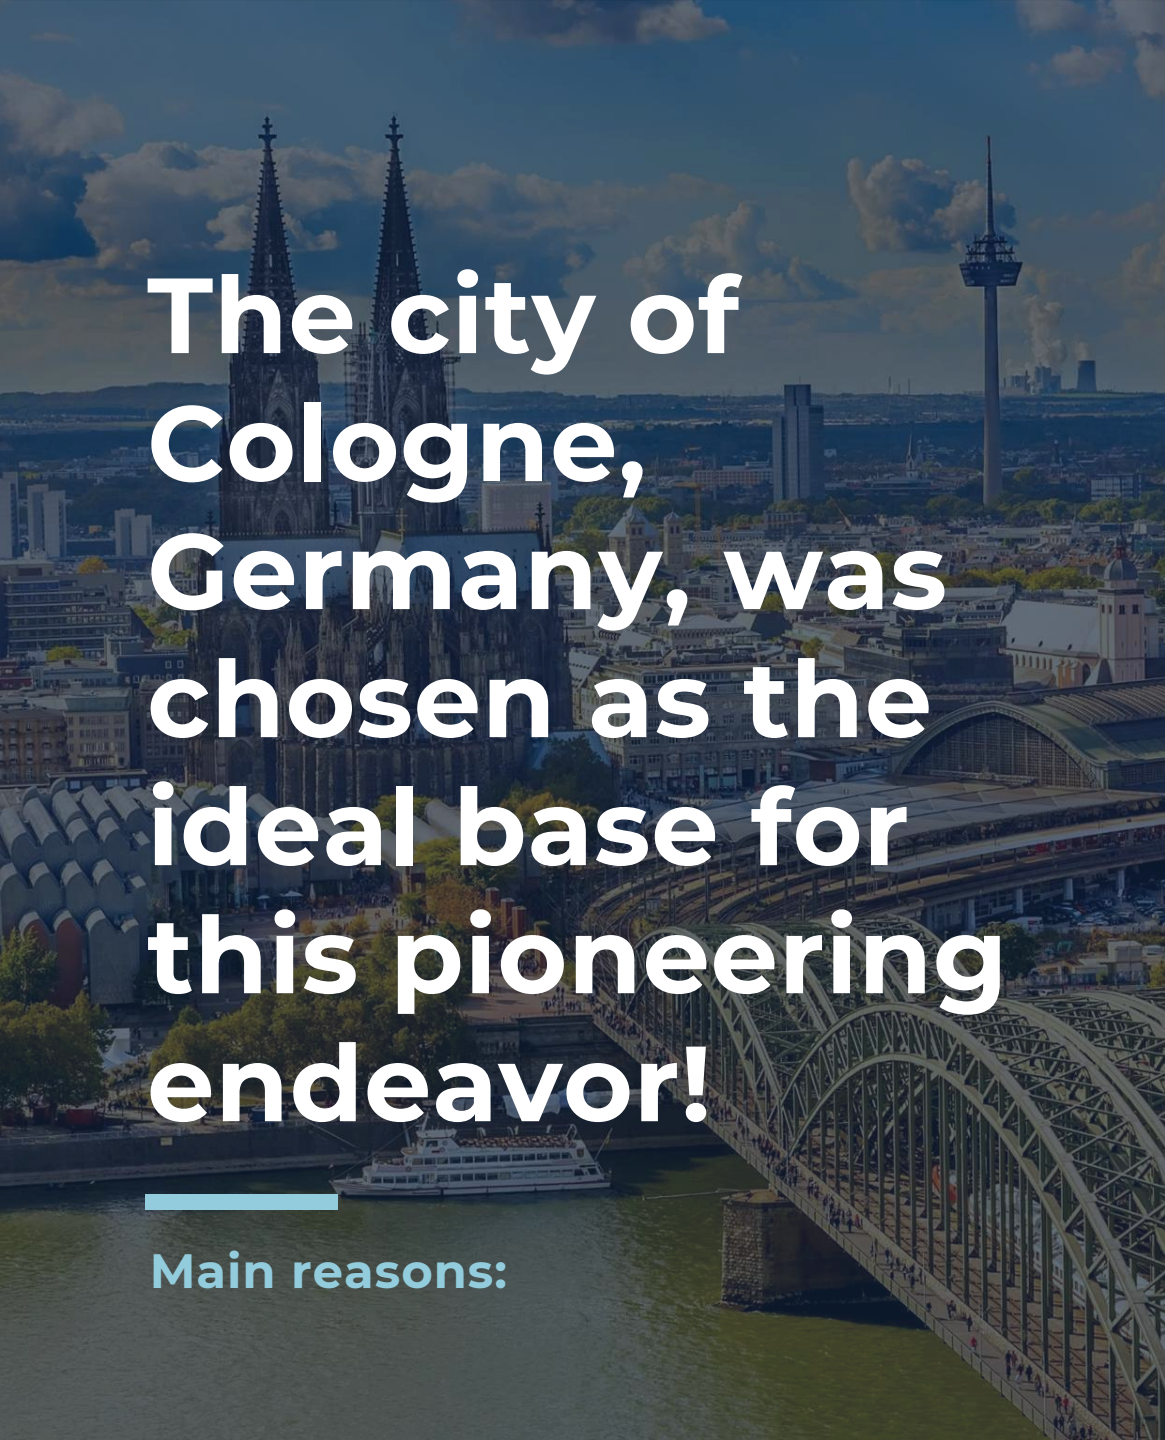

The institutional representation of Fundação Getulio Vargas (FGV) in Europe since 2016

Initially as a representation office, and since 2022, as a German company, wholly owned by FGV – **FGV Europe GmbH**. Main HQ in Cologne with an additional office in Brussels since 2025

Created as a gateway for knowledge transfer and innovation between Brazil and the world.

Aims to bring Brazil closer to other important nations and to place FGV more at the center of significant European academic centers and think tanks.

Offers research and advisory services to public and private sector organizations that wish to implement their ideas in Brazil and Mercosur, and vice versa

The city of Cologne, Germany, was chosen as the ideal base for this pioneering endeavor!

Main reasons:

01

Cologne privileged strategic geographic position, in the heart of Europe;

02

Historically established partnerships with important institutions from the public sector, the third sector and the local private sector.

FGV CONSOLIDATED AND EXPANDED ITS ACTIVITIES IN EUROPE:

01

IN 2022, created its own branch, **FGV Europe GmbH**, a German company, wholly owned by FGV; and

02

In 2025, opened a **new office in Brussels**, reaching new opportunities for institutional development.

MAIN ACTIVITIES

COOPERATION FOR KNOWLEDGE AND TECHNOLOGY TRANSFER

Jointly with scientific institutions and companies, contributing to Brazil's sustainable development path.

PROJECT MANAGEMENT AND INNOVATION

The reach to FGV's research centers and the familiarity with the Brazilian market, bring innovative methodologies to projects developed by a multidisciplinary team.

KNOWLEDGE HUB

Diffusion of knowledge and ideas, enabling an exchange of experiences between FGV Europe and the world.
